

BES

Interreg

Co-funded by
the European Union

South Baltic

BES - Baltic EnerShift

The project addresses a common challenge faced by the South Baltic region: shift from traditional heating systems to more sustainable, efficient and resilient technologies based on twin transition.

**The project is co-financed by
the Interreg South Baltic Programme 2021-2027
through the European Regional Development Fund.**

Project No	STHB.02.01-IP.01-0004/25
Total budget:	€ 1 792 900,00
ERDF funding:	€ 1 434 320,00
Duration:	July 2025 - June 2028
